

Hey Andrea!

I wanted to send you a brief email in regards to helping out getting the funding for the Ride On event that Drew is hoping to be a success for this spring. The Alpine Lodge recognizes the importance of putting a focus on supporting events that revolve around mountain and road biking and we are hopeful that there might be something we can do as a community here to help get the event going. These types of events not only help bring attention to the area as a whole for our biking options as an awesome activity, but they help bring folks to the area and help the local businesses such as hotels and restaurants throughout!

Please let me know if we can assist in any way and are hopeful that it can happen again this spring!

Thank you!

Dear Andrea,

I just wanted to email you to show my support of Ride On in the spring. If there is any funding available to help this event be successful, I think it would well worth it. Garnet Hill has biking trails and any focus on supporting events that promote mountain and road biking would be great for us and the entire community.

Please let me know if Garnet Hill can assist in any way!
